4 Courses

The Future of Payment Technologies

Blockchain and Cryptocurrency Explained

Raising Capital: Credit Tech, Coin Offerings, and Crowdfunding

Innovations in Investment Technology: Artificial Intelligence

28-Oct-2026

TIRTHA NILESH PATIL

has successfully completed the online Specialization

Financial Technology (Fintech) Innovations

This specialization is intended to familiarize learners with a broad range of financial technologies. By completing this specialization the learner can explain concepts in payment technologies, cryptocurrency and blockchain, credit scores and technologies, and smart investing techniques. Understanding business use cases for each of these technologies through practical exercises, the learner is prepared to select and analyze financial technologies appropriate for their own organization.

Andrew Wu
Associate Professor of Technology and Operations
Stephen M. Ross School of Business

Robert Dittmar
Former Professor of Finance
Stephen M. Ross School of Business

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
